

SOUTH STREET BRIDGE REPLACEMENT SURVEY

The City of Philadelphia is embarking on a project to replace the South Street Bridge, a structurally deficient bridge over the Schuylkill River and I-76 (Schuylkill Expressway) linking Center City Philadelphia and the University of Pennsylvania / West Philadelphia. This survey will gather information on driver route choice. Please take a moment to complete the survey, then drop the postage-paid survey in the mail. If you received multiple surveys today, please fill out one survey for each trip and then drop them in the mail. Your participation is appreciated.
